

PEDESTRIAN SAFETY PROGRAM

City of Charleston, SC

TAKE HEED BEFORE YOU PROCEED!

- Always stop at the curb, look both ways, and wait for your turn to cross!

- When it is your turn to cross the street, look both ways and make sure that the cars have stopped. Extending one arm as you cross is a great way to alert drivers that you are crossing!

- If a parent or guardian is with you, hold their hand when crossing the street.

- Cross the street *only* at the marked crosswalks! Look for signs like these.
